

Mississippi Chapter, Soil and Water Conservation Society
Call for Poster Presentations
Deadline November 17, 2000

The annual meeting of the Mississippi Chapter of the Soil and Water Conservation Society (SWCS) will be held Tuesday, December 5, 2000. We will meet in the Bost Auditorium on the campus of Mississippi State University in Starkville, MS. Registration begins at 9:30 am with the plenary sessions starting at 10:00 am.

The theme for this years meeting will be “Healthy Land / Clean Water”. Because SWCS has such a diverse membership, themes for poster presentations will not be limited to this theme. The Program Committee invites you to submit abstracts for poster presentations that pertain to the broad SWCS Mission of fostering the science and the art of soil, water, and related natural resource management to achieve sustainability.

The main purpose of this poster session is to exchange information and technology relating to soil and water conservation and all related topics (i.e. no-till, native plants, water quality, wetland plants, conservation management systems etc.).

Poster presentations are informal presentations using printed materials. Each presenter will have a 4’ x 8’ display area. Audio-visual equipment is not permitted nor are tabletop or free standing displays.

Please complete the following form and fax, mail or e-mail to:

Scott Edwards
2533 Co Rd 65
Coffeeville, MS 38922
